

Replacement Manhole Covers

24 Inch Manhole Cover

Our 24 inch composite manhole covers are an ideal **direct replacement** for 24" cast iron manhole covers and 24" CI manhole lids. These FRP/GRP composite 24 inch manhole covers and lids have **zero scrap value**. Would be thieves simply move on when they find out they are not dealing with common cast iron 24" manhole lids. These FRP or Polymer 24 inch manhole lids are much lighter than traditional cast iron manholes of the same size, yet are fully traffic rated (40,000# proof load per AASHTO M-306, H-20). This 24" manhole cover measures 23 3/4" outside diameter and fits most 23 1/2" to 24" frames. These plastic 24 in manhole lids improve worker safety and help prevent back and finger injuries that are common with 24 inch cast iron lids.

Our heavy duty 23 3/4 inch (actual diameter) manhole lids feature a diamond pattern slip-resistant surface. The manhole lid is secured using a heavy duty coated worm gear operated by a corrosion resistant pentagon bolt from street level. Custom Manhole Cover

ATG - Aqua Technology Group can provide your custom manhole cover for:

- Manholes - sanitary sewer, storm sewer, drains, storm drains
- Basin Covers and Lids
- Wells and Well Pump Covers
- Pump pits and sumps
- Pump Station Covers
- Sump Pump Covers
- Sump Pit Custom Cover
- Sump Crock Custom Cover
- Septic Tank Custom Cover and Septic System Custom Cover

- Grease Trap Custom Cover
- Sewer Intercepts Custom Covers
- Sampling Stations Custom Covers
- Storm Sewer Lids, Storm Sewer Covers
- Sanitary Sewer Covers and more

You can choose from a broad range of sizes to fit your exact manhole cover or lid dimensions. We can also provide custom manhole covers with your logo, branding, text, url, barcode, QR code, mascot images, club logos, etc. The custom manhole cover can be fabricated to fit any existing ring, frame or pit and can be adapted to replace any [manhole cover](#).

Our custom manhole covers are typically rated for foot traffic or lawn equipment traffic such as lawn mowers, lawn tractors and light utility vehicles. Foot traffic rated custom manhole covers are the lowest cost and can often be below the cost of lawn equipment rated covers or fully traffic rated covers. If your [manhole cover](#) or manhole lid application is for heavier traffic, we offer traffic rated [manhole covers](#) (H20, H25, etc.).

Custom manhole lids are available with your city logo, utility logo or custom message. Each custom manhole lid can be produced to your exact dimensions and load specifications.

Custom manhole covers are typically constructed of one or more of the following components: [composite polymer](#), fiberglass, structural fiberglass, [FRP](#) or composite.

Custom manhole cover options include:

- Stainless Steel Lifting Rings
- Stainless Steel Locking Hardware
- Stainless Steel Handles
- Custom drain holes
- Custom grating
- Custom support brackets
- Meter brackets
- Brackets for [Samplers](#) / Sampler suspension brackets
- [Hinged manhole covers](#)
- Lift supports / locking covers
- Custom manhole lid label / manhole identification
- Custom manhole lid logo
- Custom manhole lid barcode / url / QR Code
- Custom septic cover lid
- Custom grease trap covers

Custom Manhole Cover

IMPORTANT: Custom covers cost \$500-\$1200 typically.
