We Service and Calibrate Wherever Water or Wastewater Is Processed or Controlled

CALIBRATION SERVICES

Aqua Technology Group offers on site calibration for most of the Midwest and Mid-south regions as well as in house calibration services for clients around the globe. We are the region's leading single-source provider of instrument calibration, repair and related services. We are staffed with highly trained experts providing the calibration capabilities to meet the needs of water, wastewater and industrial process.

FLOW - Magmeters, Propeller, Vortex, Ultrasonic, Microwave, Clamp on transit time, Doppler, Air & Gas Flow Thermal Mass, Turbine, Insertion, Inline, Steam, Air, Gas, Flumes, Weirs, Open Channel, Turbine and Compound, Area Velocity, Variable Area, Transit Time, Staff Gauges

LEVEL - Hydrostatic, Float, Ultrasonic, Microwave, Capacitive, Magnetostrictive, Vibrating, Rotary Paddle, Sight, Radar, Level Controllers, Level Controllers, Level Loggers

ANALYTICAL - pH, DO, ORP, TSS, Conductivity, Sludge Depth, Ammonia, BOD, COD, Chlorine Dioxide, Fluoride, Hydrogen Sulfide, Iron, Manganese, Nitrogen, Total Organic Carbon (TOC), Oxidation-Reduction Potential (ORP), Salinity, Suspended Solids, Total Dissolved Solids (TDS), UV254, UV%T, Oil Content

GAUGES - Pressure, Diaphragm Seal, Digital Pressure Gauges, Altitude, Well Depth

SAMPLING - Wastewater and Stormwater Samplers, Portable and Stationary Samplers

TANKS - Liquid storage, Day Tanks, Pre-Engineered Storage Systems

TREATMENT - RO, Microfiltration, Nanofiltration, CDI Systems, Aeration and Advanced Process Controls

ELECTRICAL - Pre-Engineered Panels, Stainless Steel Panels, Panel Components

RECORDERS - Circular & Strip Chart Recorders, Chart Paper and Pens, Dataloggers, Indicators, Batches

We utilize ISA, EPA, ISO and NIST and NVLAP standards. We will provide same day calibration documentation forms and apply equipment calibration stickers to those instruments and controls we calibrate. We provide NIST traceable calibration sheets in paper or electronic format upon your request and can help you obtain and maintain your organization's quality standards and ISO certifications. We offer flexible scheduling to accommodate your facilities and automatic notification to ensure you have your certifications and calibration stickers on site for EPA, environmental management, and quality assurance requirements. For clients interested in additional savings, we offer flexible term calibration contracts. We also offer third party certification and validation for new systems and processes.

Ask us about our extended calibration services which include:

Temperature Calibration
Pressure Calibration
Humidity Calibration
Pipette Calibration
Dimensional Calibration
ANSI/ASTM Classes 0,1,2,3,4,5,6
OIML Classes E1, E2, F1,
FDA, GMP, GLP, DOD, NCCLS

Time and Frequency Calibration
Electrical Calibration
Weight Calibration
Thermal Mass Flow Calibration
NVLAP, ISO
ISO/IEC 17025
ANSI/NCSL
CLIA, ANSI/NCSL Z540-1, Nuclear

Brands and Equipment We Service and Repair and Can Source Parts For:
