DeWalt 6100 Watt Portable - Electric Start - 50 State/CSA

The DeWalt PD612MHB005 (Formerly known as the DeWalt DXGN7200) is designed with the professional contractor or rental operator in mind. This unit is powered by a 389 cc Honda GX390 manual/electric start OHV engine with auto shut off for low oil. The premium alternator provides low harmonic distortion. The large 8 gal. tank with fuel gauge runs up to 13 hours at 50% load. Features include a hydraulic/magnetic circuit breaker that provides overload protection, a digital hour meter for monitoring run time and tracking maintenance and an idle control to reduce noise and save fuel. The steel frame is job site tested and includes a lifting hook. An optional wheel kit is available.

Starting Watts of 7200, Running Watts of 6100.
